

## *What's In Your Art Box?*

*A very few basic art supplies can provide many ways for children to express themselves and study nature.*

*It is a beautiful day to pull together supplies on hand and create an art box, bag, or basket for your child.*

*Pack a picnic and head outside to look closely at what nature has to offer today.*

*What captures your child's interest?*

*How can you explore that further using your art supplies?*

*Or*

*Simply explore what you can do with paint, clay, paper and pencils!*

*Don't forget to snap a picture so you and your child can talk about what you loved about this time together*

**\*\*\*\* Enjoy \*\*\*\***
