

Have a Winter Picnic

Now that the sun is warmer and we are getting some nice days, pack a picnic lunch and go out to your yard or favourite outdoor space.

Dress for the weather and take a warm blanket.

Pack some hot chocolate or soup along with your picnic.

Remember the birds like a picnic too, so take along some bird seed and see if they will join you.

Make a simple bird feeder out of part of an egg carton, some bird seed and ribbon or string then hang in a tree.
